December 5th 2022

Thank you for booking us! If you have any questions or problems providing any of the items mentioned below, please get in touch with us.

CONTACT

Françoise Lépine

Phone number: 1-418-554-1778

Email: info@kif-kif.ca

TOURING TEAM: 2 artists

DURATION: 40 minutes

LANGUAGE: French, English, Spanish, Italian or Mute (The show is mostly visual).

CAPACITY: 30 to 350 people

STAGE REQUIREMENTS

Ideal dimensions:

- Area: 8,4m X 6,7m (27,5' X 22')
- Ceiling height: 3.5m (11.5')
- Wings: 1m (3')

Minimum dimensions:

- Area: 5m X 3,5m (16' X 12')
- Height: 2.3m (7.5')

LIGHTING

- Preference for ETC console
- See plan enclosed
- Option with LED available
- Adaptable to the venue (to be confirmed with the technical director)
- The company provides the gels if necessary
- Haze machine if available
- A pre-hanging is required

AUDIO

- P.A. system + 2 side fill monitors
- A DI box (preference stereo) with cable for the use our iPod(1/8) on stage, downstage left.
- The company uses its own wireless headset microphones with Sennheiser transmitters and receivers (2 XLR or 1/4)

MISCELLANEOUS

Note: If needed and with prior notice, the company can provide these elements.

- 3 extension cords on the stage (USR 50', USL 50' and DSL 3'). The USR one must be connected alone to a 15A circuit.
- 4 15lbs sandbags or anything similar
- 1 large broom and a trash can backstage

STAFF / SCHEDULE**Set-up (4 hours)**

- 1 light technician and 1 sound technician, (may include the technical director)
- Note: if needed the set can be pulled in and out of the stage in 3 minutes.

Show (40 minutes)

- 1 light technician to follow the cue-sheet

Take down (75 minutes)

- 10 minutes to clean-up the stage
- 45 minutes to disassemble our props (may be done backstage)

DRESSING ROOMS

- 1 table and 2 chairs
- Accessible 2 hours before the show
- No water bottles needed (for ecological reasons)
- Food preference, if provided: vegan or vegetarian

WARNING

Pieces of vegetables and feathers will be thrown in the air during the show (about a quarter of a pillow). In the rare cases where open flames are allowed, a torch will be used for about 3 seconds in the show.

TRANSPORTATION

The material fits tightly in a sedan car, with the 2 artists and driver.

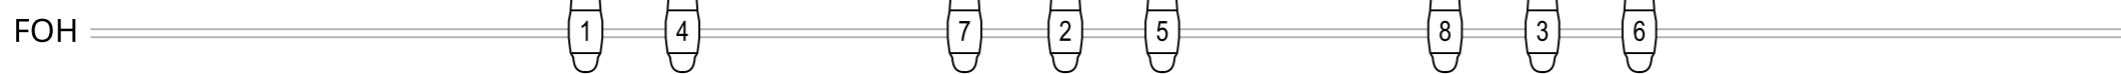

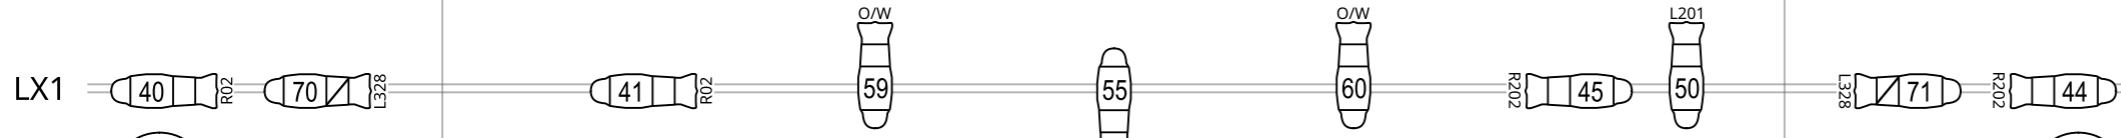

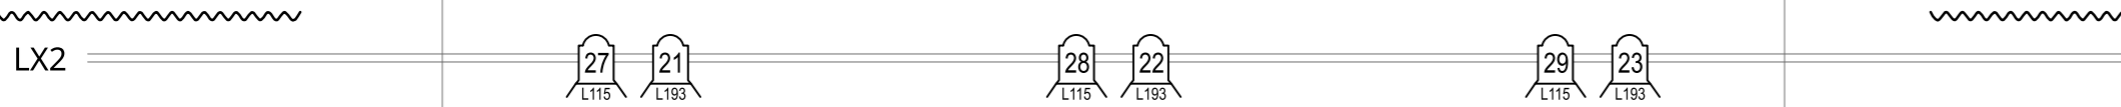

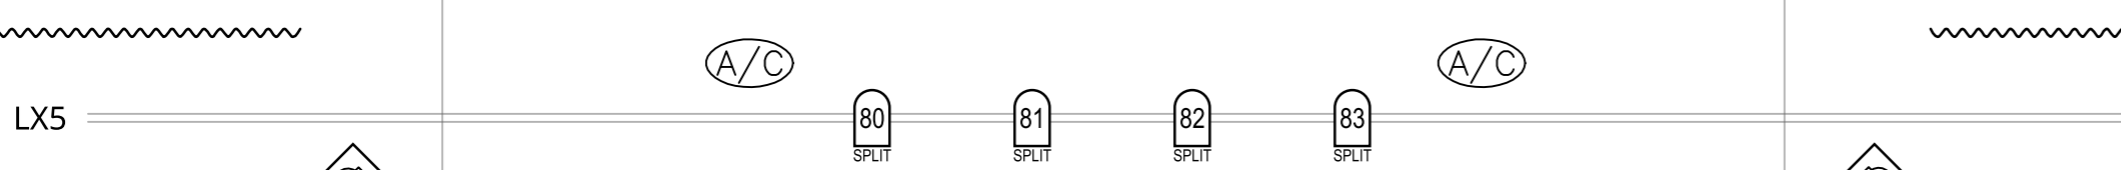

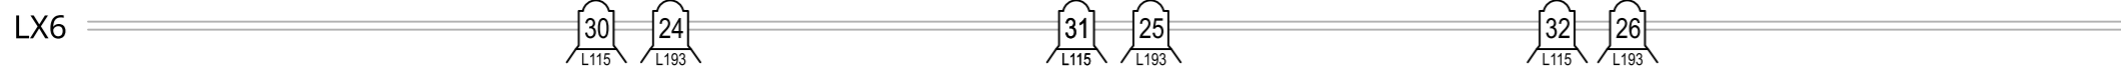

SUGGESTIONS, ECO-FRIENDLY PRACTICES

 Greenroom: We appreciate your eco-friendly practices. For example: water dispenser, bulk and vegetarian snacks, refrigerated products kept in the fridge rather than on the table, reusable dishes and condiments available in the cupboards, heating and lighting turned off at arrival. Non-toxic cleaners and recycled toilet paper.

 Waste: Access to recycling and compost containers in dressing rooms and backstage.

 Accommodation (if applicable): Near the venue. We appreciate homestay accommodation or personal apartment loan, it is more ecological than hotels.

 Lighting: Favor LED options

JAM SIDE UP!
